- Multi-purpose buckets are a versatile attachment for use in a wide range of applications, such as construction, landscaping, recycling, agriculture and others.
- Use the multi-purpose bucket to dig, load, grab, doze, level and similar tasks.
- Two hydraulic cylinders open and close the bucket jaws. Jaws are controlled by a switch on the compact track loader's joystick. Cylinders have guarding for additional protection.
- Three models are available to more closely match the bucket width to the width of the loader.
