

SNOW BLADE ATTACHMENTS

Available for Terex® Models:

PT-30
PT-50
PT-60
PT-70
PT-100
PT-100 Forestry

- Three plows are available to closely match each Terex® compact track loader model. Each plow includes a reversible, replaceable cutting edge.
- Adjustable skid shoes allows a variable height of the plow edge for plowing various surfaces. Four compression trip springs let the plow disengage when encountering solid or heavy obstacles.
- Plow angle adjustments are made using the attachment's two hydraulic cylinders and are controlled by a thumbswitch on the loader joystick.
- Attaches quickly and easily to the loader's quick attach interface. All hydraulic hoses and connectors are included.
